

.NET Developer

Job Title: .NET Developer

Location: [City, State] | [Remote/On-Site]

Job Summary: We are looking for a .NET Developer to design, develop, and maintain .NET applications. The ideal candidate will have experience with .NET technologies and a strong understanding of software development best practices.

Key Responsibilities:

- Develop and maintain .NET applications and services.
- Collaborate with stakeholders to gather requirements and design solutions.
- Write and optimize code for performance and scalability.
- Debug and troubleshoot application issues, and implement fixes.
- Stay current with .NET technologies and industry trends.

Qualifications:

- Bachelor's degree in Computer Science, Software Engineering, or related field.
- 3+ years of experience in .NET development.
- Proficiency in C#, ASP.NET, MVC, and SQL Server.
- Experience with front-end technologies (e.g., HTML, CSS, JavaScript) is a plus.
- Strong problem-solving and communication skills.
